

About Kekst CNC

Kekst CNC is a leading global strategic communication consultancy. Our global team of 300 professionals serve clients from 13 offices in New York, London, Munich, Berlin, Frankfurt, Brussels, Paris, Tokyo, Seoul, Hong Kong, Dubai, Abu Dhabi and Stockholm - where Kekst CNC is JKL. As trusted advisors, the firm brings expertise on high stakes matters like: M&A, shareholder activism and governance, crisis communications, restructurings, regulatory investigations, litigation support, investor relations, IPO communications, issues and reputation management, change management, sustainability and employee engagement, as well as digital and social communications. Kekst CNC is part of the Publicis Groupe, the world's third largest communications group.

To support our global offices, we are hiring a full-time

Consultant/Senior Consultant – Sustainability (m/f/d)

London

Main Responsibilities:

- Providing expertise to clients on all matters relating to sustainability, significantly improving their ability to address and deliver on sustainability issues
- Developing a powerful proposition for sustainability mandates, achieved through a deep understanding of the company's sustainability performance, corporate strategy, social and economic positioning as well as ESG reporting standards
- Driving the in-house knowledge building for sustainability mandates, for example with in-house training and peer-to-peer coaching
- Building a strong positioning for our clients around all relevant sustainability issues, cultivating interest in the company's stock by socially responsible investors and raising the attractiveness of the client to potential talent
- Designing corporate signature programmes, social narrative and innovative solutions to complex, societal challenges
- Leading project teams in sustainability projects, managing timeline, staffing and reporting
- Enhancing the company's social license to operate with partners, customers and other stakeholder groups

Requirements:

- Completed degree, minimum Bachelor level (preferably in sustainability-related subject)
- Proven, authentic client relationship skills, confident in talking to high-profile client groups
- Several years' experience as project lead for sustainability topics, in a consulting practice, business or similar organisation
- Proven track record of having developed impactful sustainability strategies
- Excellent knowledge of current research and trends in sustainability management
- Good level of knowledge in budget planning, reporting and controlling
- Analytical skills, ability to work with and quickly understand key insights from data

- Ability to lead team of mixed consultant groups with empathy and clarity
- Excellent communication skills in English and German

What we offer

Kekst CNC offers an inspiring working environment, characterized by a high level of professionalism, cutting-edge data insights and polling research, challenging projects and open corporate culture. This an opportunity to be part of a global network and work in a dynamic team where creative and entrepreneurial freedom is coupled with short, fast decision-making processes. In addition to exciting development opportunities, we offer a competitive salary, bonus scheme and benefits package.

Please send your resume and cover letter, or any questions related to the role, to the following e-mail address: career-emea@kekstcnc.com

The recruitment process will consist of several steps. We look forward to your application!
